Business Continuity Management (BCM) Policy

Date: 2019/10/03

As one of the world’s leading aluminium producers, Aluminium Bahrain B.S.C. (Alba) is committed to embrace global best practices and comply with international standards in order to enhance its operations, build organizational resilience, safeguard the interests of the Company’s stakeholders, and protect its reputation and value-creating activities.

Therefore, Alba has established a business continuity management system, aligned with International Standard ISO 22301. In delivering this system, Alba will:

1. Implement its Business Continuity Management System (BCM System) to ensure the continuity of Alba’s main operations in the event of a disruption or disaster. This includes strategic, operational, and/ or financial risks that may have an impact on the business. In order to achieve this goal, the Company has established a framework that facilitates continuity of Alba’s critical processes and provides supporting resources to ensure Alba’s production prevails.

2. Commit to provide the support as well as the resources and technical means to identify potential threats to the company’s operations, and to improve these operations where applicable. This support will provide an organizational resilience with the capability for an effective response that safeguards the interests of its key stakeholders, reputation, image, revenue and value-creating activities.

3. Strengthen and encourage active participation of all workforce in the implementation of this policy and ensure that the workforce is trained and fully informed of their roles and responsibilities; thus enabling them to effectively discharge these responsibilities.

4. Establish, implement and maintain its BCM System, including issuing procedures, setting objectives and targets for achieving continual improvement in Business Continuity Management System (BCM System) and revising its system at regular intervals.

5. Monitor and review business continuity performance and report the same to the Board. The performance and the policy will be reviewed with the aim of continual improvement and to respond to any changes in company’s internal or external context.
