Creative Thinking

Team Leadership

Adaptability

Project Management

Commitment to Excellence

Problem Solving

Career-focused

Responsibility

PROFESSIONAL EXPERIENCE

BAHRAIN MANAGEMENT SOCIETY

Board Member / General Secretary, July 2022–Present – www.bms-bh.org

Being a Board Member of one of the most prominent societies in the country and region allows me to significantly contribute to the advancement of management and leadership practices. My role as General Secretary encompasses the oversight of board of directors' functions and streamlining all procedures and processes, and directly reporting developments to the President and working closely with them.

ARABIAN ORYX CONSTRUCTIONS & TRADING CO.

Chairman / Founder, September 23rd 2008–September 23rd 2020 – www.arabianoryxgroup.com

During my tenure as Chairman / Founder of Arabian Oryx, which was the company I established for 12 years, I managed and led multiple projects in the following sectors: General Real Estate, Construction & Trading, Consultancies and International Brokerage of Oil, Gas and Petrochemical Products. Many of these projects have significantly helped in developing these sectors in the Kingdom of Bahrain.

Additionally, I have also established my company in the Republic of Philippines as a joint venture with renowned businesspeople in the Republic, aimed at further enhancing business ties and opportunities between both countries.

ALUMINIUM BAHRAIN (ALBA)

Senior pot lining planner (Process Control and Development), September 30th 2013–March 21st 2016

- Controlled, planned, and developed robust pot-lining processes in the organization
- Identified areas of improvement in work management against standards and drove implementation of improvements, thus bolstering sustainable work practices
- Responsible for annual budgets (US\$100M), cost analysis and managing supervisors alongside their own respectable teams
- Implemented management routines, risk assessments and multiple work-related systems such as JIT and TQM.

ALUMINIUM BAHRAIN (ALBA)

Logistics Supervisor, May 14th 2011–September 29th 2013

- Managed Logistics strategies, operations and plans which contributed to building and maintaining a safe and effective work environment within Logistics.
- Controlled departmental budgets and implemented quarterly improvement strategies to bolster efficiency and performances across the department.

ALUMINIUM BAHRAIN (ALBA)

Team member for plant-wide enforcement of 'Lean techniques & methodology', January 19th 2011–May 14th 2011

- Established strategic visions and relevant SMART goals to pave a clear direction for my department and the organization. This stemmed from the fundamentals of lean techniques and methodologies
- Utilized lean manufacturing techniques and Kaizen fundamentals to develop strategic directions for the manufacturing department on a 1–3-year planning outlook

ALUMINIUM BAHRAIN (ALBA)

Acting Head of Maintenance Planning & Services Cast house, February 23rd 2010–January 19th 2011

- Considering the seniority of my position, I was the main decision maker and budget controller (over US\$10M)
- Ensured that policies, procedures, and work ethics were applicable to the ISO 9000 standards
- Prepared and signed off various reports for senior management such as KPI's

ALUMINIUM BAHRAIN (ALBA)

Cast House 1 Closure Project, December 8th 2009–February 22nd 2010

- Implemented rigorous systems to segregate materials and prepare them for disposal, saving the company around US\$1M

ALUMINIUM BAHRAIN (ALBA)

Planner – Cast House maintenance, January 2003–December 2009

- Signed off and submitted monthly repetitive breakdowns reports (included actions, follow-ups, and workable action steps) to top senior management
- Created PR's (Purchase Requisitions) and scheduled PM (Preventive Maintenance) systems for the department
- Led the initiative of correcting the BOM (Bill of Material) system and refining its processes within the department
- Designed and created Shutdown Overhaul Plans by utilizing MS Project.

ALUMINIUM BAHRAIN (ALBA)

Acting Maintenance Planner, August 1999–December 2002

- Responsible for reviewing the materials and analysing their efficacy when used in the respective equipments or processes in maintenance
- Nominated for implementing RCM (Reliability Centered Maintenance) techniques in Cast House #2

ALUMINIUM BAHRAIN (ALBA)

Apprentice, 1996–1999

- Apprenticeship in Electrical Maintenance Department was successfully completed in a two-year training program.

 - Strategy Summit Sub-Committee & Facilitator
- **Al Raja School (Est. 1899)**
 - Board of Trustees (2009-2012)
 - Chairman of Board of Trustees (2013-2015)

LANGUAGES

- Arabic
- English
- French (limited proficiency)

Excited and honored to have the opportunity to serve the private sector at the oldest chamber of commerce in the region and help in its transformation. Proud to have played a role since 2018 in its major transformation that has made the chamber relevant, engaged, and forward-looking. Regaining its leading role and being closely active and engaged with the government and legislative bodies on issues that affect the private sector and business community.

Key roles and responsibilities working with the management team include:

- Planning and leading the transformation strategy, and new corporate identity.
- Played a part in the restructuring of the sectorial committees and member of the steering committee.
- Active Strategic and Think Tank member.
- Assisting in Digital Strategy and IT transformation and planning.
- Establishing and leading the Arbitration and Settlement Board of Trustees.

GULF ALUMINIUM ROLLING MILL (GARMCO), Chairman May 2018 – July 2020

Established in 1981, the GARMCO aluminium rolling mill is one of the first and largest aluminium downstream industries in the Middle East. GARMCO today exports its products to over 45 countries around the world from North America to Japan from Northern Europe to Australia.

Led GARMCO through the complexities of restructuring growth and transforming itself to be a profitable leading global supplier of rolled aluminum products.

Key roles and responsibilities working with the management team include:

- Appointing and dealing with global Restructuring and M&A experts.
- Managing and leading a board through challenging and critical periods.
- Dealing with creditors, and various stakeholders.
- Taking it through Reorganization & Bankruptcy Protection as the first and largest company in Bahrain to go through the new law.
- Providing guidance pre- and post-filing cash management.
- Planning and organizing a legal team to deal Anti-Dumping and Countervailing Duties cases.
- Led and launched the GARMCO Green initiative to get certified as Green Aluminium.
- Engaging with leading M&A global experts and coordinating efforts to secure strategic investors.
- Led Nomination and Remuneration Committee and made key senior staff recruitment

KALAAM TELECOM, Director**March 2005 – Present**

Kalaam Telecom is a regional digital solutions provider with over three decades of experience and the preferred one-stop destination for agile & cutting-edge solutions tailored for enterprises, wholesale segments, and government bodies.

Kalaam provides industry-based solutions to Enterprises in the areas of Cloud, Managed Networks, Cybersecurity, Connectivity, and Digital/ICT.

Key roles and responsibilities working with the management team include:

- Member of the Digitization Committee.
- Served previously on the Internal Audit Committee.
- Active participation with the Marketing team providing guidance and input.
- Assisting through contacts with some key clients and authorities.

POLYCON BAHRAIN, Managing Director**January 2003 – Present**

Polycon Bahrain is a Joint Venture company between AlSaie Holding and Al Nasser Industrial of Abu Dhabi. The company is producing a wide range of Rotational Moulding products for building and construction. Producing water storage tanks, road barriers, and other related value-added products.

Key roles and responsibilities include:

- Setting KPIs and targets for senior staff.
- Planning and implementing key expansion and development projects.
- Managing and approving the annual budget.

GULF CUSTOMER EXPERIENCE (GULF CX), Director**October 2016 – December 2021**

Gulf EX builds, integrates, and delivers the best customer experience solutions from around the world. Customizing and tailoring them to meet your specific goals and business requirements. Gulf EX does consulting, training, digital and technology professionals. In addition, it operates omni-channel world class customer experience centers on behalf of its customers delivering a differentiated and 'wow' experience to its client's customers.

Existed as an investor after company was acquired by RAYA largest Call Center Operator in Middle East from Egypt

AL RAJA SCHOOL, Chairman of the Board of Trustees**January 2013 – December 2015**

Al Raja School, formerly known as The American Mission School, was established in 1899 and is considered one of the oldest schools in the region.

Had the opportunity to serve in my school for three years as a member of the board and the following three years as Chairman. Led the board

during challenging and turbulent periods in the school, managed the recruitment and transition of principles, upgrading curriculum, and obtaining accreditation from US accreditation agency.

Key roles and responsibilities with the School leadership team include:

- Managing and approving the annual budget and staff planning.
- Planning and implementing critical curriculum expansion and development projects, including technology adoption and integration in the classrooms.
- Launching and obtaining accreditation from a leading US-based accreditation agency.
- Led the organizing committee for the largest Alumni Reunion in school history.
- Liaising with the Ministry of Education on various issues, including tuition increases, budget approvals, and obtaining critical approvals for new teaching staff.

OPERATIONAL EXPERIENCE

INSTALLUX GULF, Managing Director & Partner

April 1997 – Present

Started my first entrepreneurial journey by establishing the company from scratch in April 1997 as a Joint Venture Bahraini company with a French Group, GROUPE INSTALLUX. we cover the Gulf and Middle East markets, supplying high-quality aluminium systems for the building, and interior industry.

The main line of activities: Aluminum Systems for Curtain Walls, Doors & Windows Office Partitions Shop Fittings

Key roles and responsibilities include:

- Entrepreneurial and startup experience of starting the company.
- Defining and developing the overall sales and product strategy.
- Setting KPIs and targets for senior staff and sales team.
- Planning and implementing key marketing and geographic expansion in new markets.
- Managing, approving, and negotiating key regional suppliers.
- Managing and approving the annual budget.

BAHRAIN ALUMINIUM EXTRUSION COMPANY (BALEXCO), Sales & Marketing Manager

January 1990 – October 1996

A leading aluminium extrusion companies in the gulf region was recruited to lead the top end product segment and later lead the sales and marketing team after a major expansion.

Managed the sales department and oversaw developing and increasing one of the value-added products in the company to almost 3 folds. Obtained an in-depth knowledge of the aluminum extrusion industry, and aluminum system for the construction industry.

Key roles and responsibilities include:

- Managing marketing activities and implementing marketing plans, major product launches, exhibitions, and seminars across all markets.
- Managing sales team, setting budgets, targets, KPIs, and dealing with key accounts.
- Expanding markets and penetrating key segments with major capacity expansion.
- Developed premium product segment and tripled sales.

EDUCATION

BS MECHANICAL ENGINEERING BOSTON UNIVERSITY (1984-1988)

- Attended many specialized courses over the years
- Entrepreneurs Organization (EO) Leadership Academy Class 2010
- EO INSEAD Building World Class Culture

WORK EXPERIENCE PROFILE

2006 to March 31, 2022 Kuwait Projects Company (Holding) KIPCO

Group Chief Audit Executive

Reporting to the Board Audit Committee and advising key Group Boards / Board Audit Committees of Key Group Companies. My key responsibilities and contributions were as follows:

- Discussing and reviewing the annual Audit Universe and plans with the Chief Internal Auditors of KIPCO's Group Companies and recommending modifications during the year, if circumstances necessitate.
- Identifying risk factors prevalent in the auditable entities and preparing risk identification sheets including control factors.
- Contributing to the establishment of audit standards and practices by recommending improvements to the Internal Audit Manual.
- Establishing, monitoring, and supervising the internal audit functions throughout the group including developing strategic audit plans, managing audit resources, establishing quality assurance programs, and performing quality assurance reviews.
- Ensuring compliance with the International Standards for the Professional Practice of Internal Auditing, code of ethics, and applicable laws and regulations.
- Managing the internal audit function at parent company level and overseeing subsidiary and associate companies.
- Leading Group's internal audit and investigative assignments, providing risk-based audit coverage which resulted in operational and financial improvement and significant savings.
- Promoted the implementation of Internal Audit automation, selection of analytical tools across the group's Internal Audit functions.
- Coordinating and reviewing outsourced audit arrangements.
- Advising Boards and Board Audit Committees and attending regular Board / Board Audit Committee meetings at various group entities.
- Providing advice, regular mentoring, and consultation to the group Chief Internal Auditors.
- Holding an annual internal audit conferences for the group Chief Internal Auditors to promote effective alignment and communication across the group.
- Performing and supervising high level investigations.
- Setting performance goals in the beginning for the team and ensuring that the goals are achieved during the course of the year.

2001 – 2006 United Gulf Bank (UGB)

Head of Internal Audit

- Managed the internal audit team at the bank and had oversight of internal audit work performed at the Bank's subsidiaries.
- Developed audit programs and audit plans focusing on the review of high-risk business areas which were identified during risk assessment exercises.
- Examined the Bank's IT security controls and involvement in bank-wide core banking and networking systems implementation.
- Conducted audits independently and ensure all financial policies and procedures, lending authorities, investment criteria and expenditures are strictly followed, and exceptions properly approved.
- Reported and presented critical observations and high-risk business areas to the Board Audit Committee.
- Led the evaluation of existing controls, procedures, work practices.

- Evaluated approved audit plans and complete the work program within time and budget.
- Identified control weaknesses, risk areas, inefficient work practices and recommend improvements and escalated control failures appropriately.

2000 – 2001 Ahli United Bank (AUB)

Lead Auditor

- Implemented a well-structured audit planning and execution methodology which included conducting a thorough background surveys, terms of reference, compiling risk control matrices, developing Internal Control Questionnaires, structuring audit programs, and delivering audit focused and effective findings. This was followed up by having proper discussion with respective department heads and proper exit interviews.
- Established effective reporting mechanism of audit reports to management, board audit committee and the board.
- Established and utilized effective audit planning tools and software applications to ensure efficient conduct of audit assignments.
- Conducted various audit reviews / assignments in addition to supervising and reviewing work done by subordinates and providing them with effective training, coaching, mentoring and career development.
- Conducting investigations based on the requests of Management, regulatory bodies and whenever deemed necessary.
- Involved in reviewing number of agreements entered by the Bank with other parties and expressing views on existence of proper controls.
- Reviewing new and existing policies and procedures to ensure that adequate internal controls are in place.
- Monitoring the performance of departments against budgets and analyze variances.
- Supervising the daily monitoring of customers' balances and reporting suspicious transactions to the regulators in line with AML requirements.
- Involved in the testing Logical and Physical securities related to the Banks application systems.
- Reviewed compliance with regulatory requirements and Bank policies & Procedures.
- Built excellent relationship with management and auditees through an effective communication of audit results.
- Conducted proper and timely follow up on issued audit findings and recommendations.

1997 – 2000 National Bank of Bahrain (NBB)

Audit Supervisor

Responsibilities and contributions included:

- Planning, setting Audit objectives and designing procedures to fit each department in the Bank.
- Designed specific objectives and Procedures to guide employees in carrying out their tasks and reach the objectives using efficient and effective methods.
- Designed and developed proper audit working papers and organization method of audit files.

 - CHENG491

Job Experience:

1997-2000

Metallurgy Inspector

- Inspection all the product of Aluminum (Billet-Rolling slab-T ingots-standard ingot..) physically and chemically (analysis).
- Auditing the process of Cast House.

- Analyze the metal sampling from Pot-Rooms
- Monitoring the Billet Homogenizing Process
- Checking the Ready orders before shipping
- Metal Alloying

2000-2004

Water Desalination Senior Operator

- Desalination Material Flow Including Post Treatment and Chemical Handling
- Utilities Location and Application (Compressed Air, Service Water)
- Preparation of Desalination Unit Chemical for Dosing
- Sampling of Seawater, Desalination & Smelter Forwarding System from Field
- Inspection and Operation Sea Water Intake System
- Inspection and Operation of all Vehicles Used in Desalination Area
- Operation of Fire Fighting System
- Inspection of Plant and Machinery as per the Related Forms
- Sampling & Analysis of Potable Water
- Operation of Hypo Generation Plant
- Operation of Post Treatment Plant
- Post Treatments Chemical Dosing and Control
- Carrying Out Field Activities Independently and in Coordination with General Operators and Maintenance
- Plant Normal, Abnormal and Emergency Handling from Field
- Operation of Entire Desalination Plant from DCS, Including Post Treatment & Hypo Plant
- Desalination Plant Start Up, Shut Down and Emergency Handling
- Monitor the Quality of Seawater, Distillate Water & Potable Water
- Problem Identification and Troubleshooting Related to Desalination Operation
- Integration of Desalination Plant & Field Operation
- Managing/ Leading Group of People in Shift
- Operate the Plant / Processes in Line with Production Plans, QMS & EMS Requirements
- Accident Investigation & Reporting.
- Maintenance Planning, PM Coordination and Permit System
- Risk Assessment & JSP/SOP Review
- Technical Investigation & Preparation of Reports
- Shift Report Writing

April –December 2004

Supervisor of Process Control Pot on Lining and Cathode Sealing Activity:

- Supervises measurement operators on cathode sealing area to ensure accurate measurement of molten cast iron, preheated cathode blocks and collector bars temperature along with dimensional checks.

- Supervises the measurement operators for cell ramming activities to ensure accurate measurement of paste temperature, cathode temperature and compactions etc. to achieve good quality of cell ramming.

2004-2009

Supervisor Red. Proc. Cont. L4&5

- Checks the day's scheduled activities and allocates manpower accordingly for completion.
- Visits the work areas to check that work is carried out as per instructions accurately and safety.
- Checks the quality of metal and bath samples taken by the operators and makes sure that samples are of good quality and identified accurately.
- Carries out some calculations e.g. averages standard deviations, for conformance of reduction room measurements.
- Identifies training needs of operators and makes recommendation for suitable courses. Provides on the job training to new operators.
- Plans the daily, weekly and monthly measurements in Plotlines.
 - Metal Sampling
 - Bath Temperature
 - Bath Sampling
 - Crushed and Anode Cover Mix Sampling
 - Electrical Pot Measurement
 - Lining voltage Drop
 - Cathode Current Distribution measurement (CCD)
 - Anode Current Distribution measurement (ACD)
 - Pot Voltage Measuring
 - DC hazard Measurements
 - Duct Gas flow measurements
 - Superheat measurement
 - Ledge Profile
 - Wedges Measurements
 - New Pots Measurement
 - Pot on Preheat Measurements
 - HDPS measurement
- Reviews the JSP's periodically with measurement operators. Supervises the work to ensure that operators follow all JSP's, gives safety talks and sets personal example. Carries random checks on safety gadgets/tools to ensure effectiveness.

Sep2009-2013

Supt Red. Proc. Cont. L4&5

- Review Reduction lines key operating parameters each day to detect abnormalities and recommend corrective actions.
- Review and analyses the performance of Plotlines including
 - Thermal Regulation System
 - Checking and confirming Special measurement like
 - Superheat
 - Ledge Profile in Pots
 - Duct Gas flue monitoring
 - Gas Treatment performance
 - Pot Voltage Monitoring and ways to reduce it

- Current Efficiency of the Plotlines
 - Metal Purity
 - Increase line current procedure
 - Checking
 - Monitor quality of raw material and highlight and deviations.
 - Evaluate new material (Alumina / AlF₃ / Crushed Bath)
 - Soda content in Alumina
 - AlF₃ consumption
 - Quality of Alumina
 - Quality of Covering Anodes Materials
 - Review and update Pots Parameters and Set points
 - Anode Effect Analysis
 - Checking and analyses of out of range pots
 - Carbon dust inspection and reporting
 - Return Butts inspection and reporting
 - Checking
 - and reporting and reporting the quality of New Anodes (chemical and physical)
 - Checking and Audit on Pot room activates
 - Tapping
 - Anode Change
 - Pot Covering
 - Beam Raising
-
- Follow up on startup and normalization of new pots.
 - Carry out trials whenever required and published technical reports.
 - Create and Update JSP & SOP and ensure full adherence to SOP and JSP by each member of the team.

Aug2017-October 2017

Line-5 Technical Support Team Leader: To provide Alba with technical support to recover line-5 (Requested by ALBA).

- Follow up and highlight process control measurement for line-5 (Bath Temp, Bath and Metal Sampling, Bath/Metal level, Pots Preheat Measurement, Wedges measurements)
- Audit main Pot-line activities
 - Anode Change Setting
 - Metal Tapping
 - Pots Preheat and Start-up
 - Pot Covering Activities
 - Review out of Range Parameters
 - Pot Performance
 - Review Pot-line Standard Operation Procedure (SOP)

October 2017- February 2019

Consultant with SCCR Aluminum Consultation at Suhar Aluminum -
Oman.

- Recovery of Suhar Aluminum after shutdown
- Leading start-up team
- Process Auditing of operation team
- Assessment and Training for all operation team (supervisors and operators)
- Support Process Control Team

Jun 2019-December 2019

Line-6 : Startup of Line-6 Consultant team member

To provide Alba with technical for line-6 start-up (Requested by ALBA).

- New Pots start-up follow-up
- Follow up and highlight process control measurement for line-6 (Bath Temp, Bath and Metal Sampling, Bath/Metal level, Pots Preheat Measurement, Wedges measurements)
- Audit main Pot-line activities
 - Anode Change Setting
 - Metal Tapping
 - Pots Preheat and Start-up
 - Pot Covering Activities
 - Review out of Range Parameters
 - Pot Performance
 - Review and update Process Control Standard Operation Procedure (SOP)

OTHER ACTIVITIES:

Bahrain Snooker, Billiard and Darts Board member (2017-Now)

Snooker Referee (Asian and International level) (1994-2017)

Alumni Club Member (2013-Now)
